PAEDODONTICS UPDATE 2024

Paediatric Dentistry & Oral Healthcare for Kids in Focus

THE PRESENTERS

PROFESSOR BILL KAHLER
DR DANIEL ANDREASEN-COCKER
DR ANNETTA TSANG
DR FAYE GOODYEAR
DR STEVEN KAZOULLIS
DR SUE TAJI

PROFESSOR BILL KAHLER maintains a full-time Endodontic practice and is a Clinical Professor at the University of Sydney. He is a Board member and Treasurer of the International Association of Dental Traumatology. Bill has published 80 papers in international dental, material science and engineering journals. Bill is a contributing author for 6 book chapters on endodontic outcomes, vital pulp therapy, and dental trauma, including the iconic North American and European texts, "Pathways of the Pulp" and the "Textbook and Color Atlas of Traumatic Injuries to the Teeth".

DR SUE TAJI maintains a private paediatric dental specialist practice in the Brisbane CBD and various suburban locations, with her particular interests being the management of early childhood caries, MIH, dental trauma, medically compromised patients and those with special needs. Having assisted many paediatric patients with special needs and autism throughout her career, Sue undertook further studies in 2022 at Griffith University, completing a Graduate Certificate in Autism Studies. Completing numerous research projects during her career, she has published in national and international journals and has authored and co-authored textbook chapters on paediatric dental aspects. Sue has served as Federal President of the Australian and New Zealand Society of Paediatric Dentistry (ANZSPD) from 2018 to 2020 and previous to this as Federal Vice President from 2015-2018.

DR DANIEL ANDREASEN-COCKER is head of paediatric dentistry at The Royal Dental Hospital of Melbourne and lecturer at The University of Melbourne. Dan completed his general dental training in 2006 at the University of Western Australia and his specialist training in paediatric dentistry in 2014 at University of Melbourne. Dan has worked in both public and private practice as both a general dentist and specialist. As head of paediatric dentistry Dan is heavily involved in the clinical teaching of specialists in training for paediatric dentistry. His major work projects are reducing preventable hospitalisations, improving the clinical environment for children and effective pre appointment preparation.

DR FAYE GOODYEAR is an Orthodontist with a specialist practice in Toowong. She graduated from Guy's Hospital in 1998 and then returned to complete her Masters degree in Orthodontics which she completed in 2005 prior to emigrating to Australia later that year. She also holds a honours degree in Psychology from the University of London. She is a past president of the Australian Society of Orthodontics Queensland branch and is a member of the Australian Orthodontic Society, The British Orthodontic Society and the European Orthodontic Society. She worked in the public sector for 10 years prior to taking over the sole ownership of her private practice. She has also taught Orthodontics to undergraduates at the University of Queensland. She is married with two children and in her spare time she cycles competitively.

DR ANNETTA TSANG has postgraduate qualifications in paediatric dentistry, higher education, pain management, and disability studies. As a specialist paediatric dentist, Annetta has experience in private practice, public service, and hospital, industry, and university settings. She has over 40 publications, and is an academic editor, a managing editor of the Christian Medical and Dental Fellowship of Australia journal, a journal reviewer for the European Archives of Paediatric Dentistry, and an external examiner for The University of Queensland. She also contributes to the medical program at Bond University. A recipient of university and national teaching awards, Annetta has a keen interest in the scholarship of teaching and learning. She recently collaborated in a global project led by Ravensbourne University on Inclusive Learning Design in Higher Education. Passionate about children's health and well-being, and dental and medical education, Annetta and her international colleagues co-founded the Oral Health Action Network, a Boston University-affiliated collective that aims to empower and support underserved communities in improving oral health and well-being through advocacy, capacity-building, education, and research.

DR STEVEN KAZOULLIS graduated in dentistry from the University of Queensland. He worked in private practice for over ten years prior to formalising his interest in Paediatric Dentistry again at the University of Queensland in 2005. Since then he has had extensive experience in both private and public practice and was discipline lead for Paediatric Dentistry at UQ from 2013 to 2014. In the past twenty years he has published papers on dental erosion, developmental enamel defects, dental trauma and other dental topics. He currently holds a position as Specialist Paediatric Dentist at Queensland Children's Hospital and is also in private practice.

EVENT PROGRAM

PU2024 | 8 HOURS CPD | BRISBANE
FRI 23 AUGUST 2024

Updates for Early Childhood Caries

Presenter: Dr Daniel Andreasen-Cocker

- Current concepts of disease and social determinants of health
- Effective parental discussions for prevention
- The role of Silver diamine fluoride and MID
- Current restorative concepts including Hall Crowns and zirconia
- Pulpotomies, do we even need to do these anymore?

SESSION 1

8:00am-9:15am

Timing of Orthodontic Intervention

Presenter: Dr Faye Goodyear

- What to watch out for
- When to intervene orthodontically
- When to extract and why
- Timing and decisions on space maintenance
- Removable vs fixed appliances when to use and why

SESSION 2

9:15am-10:15am

But She Brushes Her Teeth Every Day! - Managing the high-risk paediatric patient

Presenter: Dr Steven Kazoulis

- Caries Risk - thinking outside the box
- Tipping the balance toward a healthy mouth
- Achieving better outcomes in your clinic
- Achieving better home care for your patients
- Strategies to avoid the need for re-treatment

SESSION 3

10:30am-11:30am

A peek beneath... and a glimpse beyond... : A paediatric dentist's perspective

Presenter: Dr Annetta Tsang

- Clinical relevance of the oral microbiota and microbial dysbiosis
- The maternal microbiome, perinatal oral health, and the child
- Prebiotics/probiotics and resilience within the oral environment
- Oral manifestations of common systemic diseases of childhood
- Interrelationships between oral health and general health

SESSION 4

11:30am-12:30pm

Getting that elusive child cooperation - tips, tricks and strategies

Presenter: Dr Daniel Andreasen-Cocker

- Changing concepts of behaviour management and support
- Preparing the child for dental visits and treatment
- Considerations and assisting children with special needs
- Understanding the importance of the physical environment
- Understanding the home environment and its effect on behaviour presentations
- Hypnosis and the power of suggestion
- Pharmacological aids including guideline updates for nitrous oxide and sedation

SESSION 5

1:30pm-3:15pm

Treatment of Traumatic Crown Fractures and Vital Pulp Therapy: Clinical Applications and Controversies

Presenter: Professor Bill Kahler

- Knowing the latest materials to use for pulpotomies - Bioceramics vs calcium hydroxide
- Appreciating what influence does a concomitant luxation injury have on outcomes
- Information on rebonding fragments vs strip crowns and other restorative options
- Variations in the guidelines between the IADT, ESE and AAE
- Can you do a pulpotomy even though the tooth has had a pulp cap?
- Outcomes - does experience matter?

SESSION 6

3:30pm-4:30pm

Children with ASD - the full spectrum

Presenter: Dr Sue Taji

- Challenges for the dental team and how to overcome them
- Managing oral health needs and improving outcomes
- Characteristics of individuals with autism spectrum disorder
- Pharmacology of medications and impact on oral health
- Bruxism, non-nutritive chewing, self injury, dental erosion, caries and other oral health concerns

SESSION 7

4:30pm-5:30pm

CPD AT ITS BEST

Paedodontics Update 2024 is being organised by the Queensland Dental Group™ ACN 139051362, ABN 32139051362. Participants may use this event to meet CPD requirements as set by the Dental Board of Australia. CPD Verification has also been received from the New Zealand Dental Association (NZDA). The maximum hours of CPD credit attainable for attending Paedodontics Update 2024 is 8 hours. The Queensland Dental Group™ guarantees advertised events are compliant with the current Dental Board of Australia guidelines on continuing professional development. NZDA verifies, that based on the information provided to NZDA, these activities meet the Dental Council policy requirements for CPD. NZDA CPD verification does not imply promotion or endorsement of the contents of any course. Participants need to use professional judgement to assess the validity and usefulness of techniques, materials or therapeutic products to their own practice. Registration for this event does not include insurance of any kind and it is strongly recommended that participants arrange their own travel and other insurances. A full list of terms and conditions and the privacy policy may be requested in writing or viewed via website link at www.qdg.com.au

Any registered participant who is unable to attend may cancel their registration and must do so in writing via email or mail. For any registered participant whose cancellation request is received in writing at least ten (10) business days prior to an event for which the participant is registered for, any registration fees paid by the participant will be kept in credit for the participant and may be applied towards the attendance of another Queensland Dental Group event within 18 months time from the date of registration cancellation. Any registered participant who cancels their registration within ten (10) business days prior to an event for which the participant is registered for or fails to attend, will not receive any registration credit and will not receive a refund of the registration fee. The organiser will have no further responsibilities nor be liable for any loss of income or cancellation fees of travel arrangements or accommodation or other monies expended by the participant.
