RESTORATIVE  
EXCELLENCE  
2024

An Exceptional Two Day Symposium

**DR TONY ROTONDO** is a registered specialist in Prosthodontics. He completed his undergraduate degree at the University of Queensland in 1984 and a postgraduate residency in Prosthodontics in 1996 at the University of California, Los Angeles (UCLA). Tony has specific interests in dental aesthetics, dental implants and ceramic materials. He currently practices in Brisbane and continues to teach undergraduates and postgraduates at the University of Queensland. He has been a visiting lecturer to the postgraduate program in prosthodontics at the University of Sydney and a visiting lecturer to Griffith University, School of Dentistry in Southport. Tony is a fellow of the International College of Dentists. In the past Tony has been the president of the Australian Society of Aesthetic Dentistry (QLD Branch), secretary of ANZAP (Australian and New Zealand Academy of Prosthodontists), treasurer and founding member of AOS (Australasian Osseointegration Society, QLD branch), he is part of the DSD scientific board, a silver member with in the Style Italiano group and a member of many other professional associations. Tony is a product evaluator for dental companies and presents numerous continuing educational programs nationally and internationally.

**DR LINCOLN HARRIS** is dedicated to accelerating careers of dentists globally. He is the founder of RipeGlobal, which provides all the technology, training and support to help dentists grow clinically, financially, and personally. Lincoln graduated from the University of Queensland with first class honours in 1998. In 2000 he founded Harris Dental Boutique in the small village of Bargara with the simple goal that his patients could get as good dentistry in regional Queensland as anywhere else in the world. After finding it difficult to get specialist support in his region, he started diversifying his skills into full mouth rehabilitation, orthodontics and implantology in 2006. He also started running conferences in Canada, the USA and Italy in the same year. Educationally, he has progressed from running conferences to running traditional hands-on courses and pushing the boundaries of techniques to teach advanced procedures to dentists in more effective and efficient ways. In 2020, Lincoln, along with his brother Cam, started RipeGlobal with the help of dental and professional investors. Between the two, they have developed the world's first Clinical Confidence Assessment algorithm and group dashboards to help dentists manage clinical aspects of dentists, rather than just financial. While the focus is on helping dentists advance by increasing their enjoyment and abilities, RipeGlobal now also consults with groups that employ more than 1000 dentists to help drive financial performance by improving the fundamental skills, excellence and confidence of their dentists.

**PROF DAVID ROESSLER** has spent most of his career as a Prosthodontist in private practice in Sydney's CBD. In 2020, David moved to Auckland to be the Clinical Director of an all new Facility built by the University of Otago, Faculty of Dentistry. The facility has been designed for Final Year students, Postgrads and to deliver state of the art CPD to dentists. David has been a Keynote Speaker at many international conferences and has given more than 1000 lectures, workshops and hands on courses in almost every facet of restorative, fixed and removable prosthodontics, aesthetic and implant dentistry in Australia, Asia, Europe and the USA. He has authored numerous publications and has been an invited lecturer and examiner to both undergraduate and graduate students at a number of Universities as well as being an Examiner for the Royal Australasian College of Dental Surgeons. He is a consultant and a trainer for several dental companies.

**ADJ /PROF DANIELLE LAYTON** is a prosthodontist in Brisbane, Australia. She has degrees from University of Queensland (Bachelor of Dental Science, honours, University Medal 2000), University of Sydney (Master of Dental Science, honours, 2005) and Oxford University (Master of Science 2011, Doctor of Philosophy 2015). Dr. Layton is Editor of the Glossary of Prosthodontic Terms (Academy of Prosthodontists, USA); on the Standards Examinations Committee (Academy of Australian and New Zealand Prosthodontist); and is a reviewer for multiple international journals. Dr. Layton is an internationally recognized expert in the field of prosthodontics and biostatistics.

**PROF FLORIAN MACK** has completed three research degrees by thesis in 1993, 2000 and 2007. His research interests include bio-compatibility of dental materials, tongue dysfunction and laser welding. Florian has published over fifty papers and is a reviewer for various international dental journals. He is a member of many professional associations and has lectured nationally and internationally. Dr Florian Mack received his dental degree in 1992 from the University of Berlin in Germany. He then worked at University of Berlin from 1993 to 1996 and also part time private practice from 1992 to 1994. In 1996 Professor Mack accepted the position of Assistant Professor at the University of Greifswald in Germany. In 2000 he completed his specialty degree in Prosthodontics in Greifswald. Professor Mack and his family moved to the Gold Coast in 2006 where he accepted the head position of Professor in Prosthodontics and Comprehensive Adult Dental Care at Griffith University. Since mid-2016 he has been working as a full time private practitioner in his specialty of Prosthodontics in Brisbane, Gold Coast and Toowoomba.

# EVENT PROGRAM

## AN EXCEPTIONAL EVENT

Restorative Excellence 2024 is being organised by the Queensland Dental Group™ ACN 139051362, ABN 32139051362. Participants may use this event to meet CPD requirements as set by the Dental Board of Australia. CPD Verification has also been received from the New Zealand Dental Association (NZDA). The maximum hours of CPD credit attainable for attending Restorative Excellence 2024 is 16 hours. The Queensland Dental Group™ guarantees advertised events are compliant with the current Dental Board of Australia guidelines on continuing professional development. NZDA verifies, that based on the information provided to NZDA, these activities meet the Dental Council policy requirements for CPD. NZDA CPD verification does not imply promotion or endorsement of the contents of any course. Participants need to use professional judgement to assess the validity and usefulness of techniques, materials or therapeutic products to their own practice. Registration for this event does not include insurance of any kind and it is strongly recommended that participants arrange their own travel and other insurances. A full list of terms and conditions and the privacy policy may be requested in writing or viewed via website link at [www.qdg.com.au](http://www.qdg.com.au)

Any registered participant who is unable to attend may cancel their registration and must do so in writing via email or mail. For any registered participant whose cancellation request is received in writing at least ten (10) business days prior to an event for which the participant is registered for, any registration fees paid by the participant will be kept in credit for the participant and may be applied towards the attendance of another Queensland Dental Group event within 18 months time from the date of registration cancellation. Any registered participant who cancels their registration within ten (10) business days prior to an event for which the participant is registered for or fails to attend, will not receive any registration credit and will not receive a refund of the registration fee. The organiser will have no further responsibilities nor be liable for any loss of income or cancellation fees of travel arrangements or accommodation or other monies expended by the participant.
