

# The Worn Dentition

Contemporary approaches to Diagnosis, Prevention, Restoration and Rehabilitation

25-26 SEPT 2020

15 HOURS CPD

mantra  
legends hotel

PROF IAN MEYERS OAM  
DR ANTHONY MAK  
DR FARID KHAN

## DAY 1 TOPICS

### THE PATH TOWARDS RESTORATION

- A step by step approach based on the Stages of Toothwear is developed to diagnose and manage patients presenting with moderate to severe Toothwear
- Lifestyles, diets & medications of patients with Toothwear are evaluated
- Case Selection and patient factors influencing Restorative Outcomes
- Oral Medicine considerations influencing Prevention & Management Strategies
- Participants are taken through Clinical Cases of Toothwear of varying severity
- Variation of the Occlusal Vertical Dimension and Restorative considerations
- Toothwear lesion Site Specificity and Restorative implications

## DAY 2 TOPICS

### RESTORATION OF THE WORN DENTITION

- Restorative Aspects involved in rebuilding cases of dental erosion
- Techniques to work around the Limitations of Dental Materials
- Developing a favourable Oral Environment to best restore a worn dentition
- Methods to Improve the Aesthetic Results
- Template techniques for Composite Rehabilitation en masse
- Cases with varying amounts of loss of vertical dimension will be considered
- Direct Conservative Restorative Rehabilitation options
- Indirect restorative Rehabilitation options

# GOLD COAST 25-26 SEPT

**PROFESSOR IAN MEYERS OAM** is a general dental practitioner and honorary professor at The University of Queensland School of Dentistry. Over the last thirty five years he has been involved in dental research, clinical dentistry, private practice, university and hospital based dental clinics and been a director and board member of numerous dental associations and colleges. His previous positions include being appointed as the inaugural Colgate Chair of Dental General Practice Dentistry, Chief Dental Officer for Queensland Health, President of the Queensland Branch of the Australian Dental Association, and CEO of the Australian Dental Association Queensland Branch. He is a Fellow and current Board member of the Royal Australasian College of Dental Surgeons and the International College of Dentists, and is a Fellow of the Academy of Dentistry International and the Pierre Fauchard Academy. Professor Meyers is a long standing member of the ADA Dental Instruments, Materials and Equipment Committee and a member of the editorial board of The Australian Dental Journal and several other international journals. He is an external examiner at several dental schools and examiner for the Australian Dental Council. Throughout his career as an academic and clinician Ian has developed extensive experience in comprehensive patient care, diagnosis and management of worn and broken down dentition, geriatric and aged care dentistry, adhesive restorative dentistry and dental materials, and the management of patient's in general dental practice through minimum intervention dentistry. He has lectured extensively on these topics both nationally and internationally.

**DR ANTHONY MAK** graduated with multiple awards from the University of Sydney in 2002. He then went on to complete his Post Graduate Diploma in Clinical Dentistry (Oral Implants). Dr Mak is one of Australia's most sought after speakers, especially in the field of digital and restorative dentistry. He has lectured extensively in Australia, New Zealand and across Asia; and his hands-on workshops have gained such popularity that they are almost always booked out soon after registrations open. He is also gaining great popularity on the European and US circuit. Anthony is the author of two compelling compendiums detailing direct composite and indirect ceramic restorations, the clinical photography and documentations can only be described as exceptional. He has published numerous case studies and articles for local and international dental bodies, associations and the peer reviewed Australian Dental Journal. Anthony's interest lies in dental technologies, advances in materials and techniques; and he has a unique understanding of CAD-CAM digital dentistry. Anthony runs two practices in metropolitan Sydney, focusing on quality modern comprehensive care, including aesthetic and implant dentistry. He is also a clinical consultant and key opinion leader for several global dental companies focusing on development of new dental technologies.

**DR FARID KHAN** has led an international collaboration of thirteen contributing authors, co-editing and contributing chapters to a textbook on toothwear through publishers Wiley-Blackwell. He is a Fellow of the Academy of Dentistry International, a Fellow of the International College of Dentists, a Fellow of the Pierre Fauchard Academy and a member of various other organisations. He has completed numerous research projects in the field and has previously co-authored two other textbooks on toothwear and dental erosion. In compiling these books, he has spent extensive time reviewing the latest international dental literature, whilst still remaining a preventively orientated clinician at heart, detailing topic specific perspectives relevant in day to day practice. He has been highly influential in the organisation of exhilarating CPD for the oral health sector and has led the Queensland Dental Group over the past decade.

The Worn Dentition event is organised by the Queensland Dental Group™ ACN 139051362, ABN 32139051362. Participants may use this course to meet CPD requirements as set by the Dental Board of Australia. CPD Verification has also been received from the New Zealand Dental Association (NZDA). For Australian and New Zealand dental practitioners, the maximum hours of CPD credit attainable for attending The Worn Dentition event is 15 hours. The Queensland Dental Group™ guarantees advertised courses are compliant with the current Dental Board of Australia guidelines on continuing professional development. NZDA verifies, that based on the information provided to NZDA, these activities meet the Dental Council policy requirements for CPD. NZDA CPD verification does not imply promotion or endorsement of the contents of any course. Participants need to use professional judgment to assess the validity and usefulness of techniques, materials or therapeutic products to their own practice. Registration for The Worn Dentition includes morning refreshments, lunch & afternoon tea. The Early Bird registration rate is available for The Worn Dentition event for registrations received and paid in full by the 16th of June 2020. No sponsorship has been sought for the event to allow all presenters to provide their own unbiased views, opinions and preferences. Registration for this event does not include insurance of any kind and it is strongly recommended that participants arrange their own travel and other insurances. The organisers reserve the right to make changes from time to time and will, if appropriate, make such information available on the website. A full list of terms and conditions and the privacy policy may be requested in writing or viewed through the website link at [www.qdg.com.au](http://www.qdg.com.au)
